

COLLEGE OF BASIC SCIENCES AND HUMANITIES, CCS HARYANA AGRICULTURAL UNIVERSITY, HISAR-125004, HARYANA

VISION

To impart basic education integrating teaching, research and extension in areas relevant to agriculture with academic excellence

MISSION AND GOAL

- To produce quality human resource
- To conduct basic research in State/Nation's priority areas related to agriculture
- To develop the technologies to combat various constraints in agricultural production in the country
- To reduce the gap between existing novel technical innovations, development of products and their speedy commercialization

OBJECTIVES

- To impart knowledge in various disciplines of basic sciences to the students from constituent colleges of the university
- To strengthen and achieve excellence in teaching and research and to develop quality human resource in various disciplines of basic sciences
- To develop skills and values among students to make them competent not only for government services and industries but also as entrepreneurs
- To develop technologies that can contribute towards the upliftment of the Indian rural economy, employment generation and increased avenues of self employment
- To develop new technologies for sustainable agricultural production and to refine existing technologies. These are communicated to the stakeholders through class room teaching, seminars, exhibition, expert lectures and through lab and field demonstration.
- To develop linkage with National and International Universities and Industries and to promote public-private partnership.
