

Manpower Assessment Cell (MPAC)

Faculty

Dr. R.K.Grover, Associate Director

The Manpower Assessment Cell prepares agenda items, compiles and finalizes reports of various activities on behalf of CCSHAU, Hisar for ICAR, IAUA, AIU and UGC. Quarterly reports of University activities for IAUA Newsletter are also sent. The Appraisal Reports of various Directorates and Colleges of the University are compiled and got published by this Cell. The work of post-clearance pertaining to faculty and non-teaching employees of the University is handled by this Cell. The Manpower Assessment Cell updates the data for **Faculty Profile**. The data for the project entitled, "National Information System on Agricultural Education Network in India" (NISAGENET), with the help of six schedules, are also uploaded on the NISAGENET site of the Indian Agricultural Statistics Research Institute (IASRI), New Delhi.

Thus as per its mandate following activities are carried out by this section

- Making recommendations on Post Clearance of Faculty and other Employees of the university
- Facilitating faculty of the university in submitting research proposals to national and international funding agencies by providing necessary guidelines, application forms and other relevant information.
- Preparing Data Bank with respect to faculty and various activities of the university. The Cell provides information to various quarters on different aspects from time to time. The Cell also responds to the queries related to RTI.
- Conducting research studies and has been associated in various ICAR projects from time to time. National Information System on Agricultural Education Network in India (NISAGENET) project of ICAR is looked after by the Cell. The cell also prepares Appraisal reports of the university.
